

Dear Math Teacher,

Your student is applying for admission to an Amerigo Education partner school. As part of our admissions process, we request a letter of recommendation from an English Teacher as well as a Math Teacher to assess the academic and personal qualities of the student. This student has selected you to provide an evaluation of their Math skills and a personal recommendation for admission to an Amerigo partner school.

This recommendation form includes questions regarding the student's academic abilities as well as opportunities for general feedback. We would greatly appreciate it if you could provide candid responses. Your responses will remain confidential and be used by the admissions committee when considering this applicant for admission.

Once you have finished your evaluation of the student, please return the completed form to:
admissions@amerigoeducation.com

We appreciate the time you spend completing this confidential request. Please let us know if you have any questions about this recommendation form via email at admissions@amerigoeducation.com or by phone at +1.312.212.5533

Thank you for your time.

Sincerely,

Amerigo Education Admissions

Math Teacher Recommendation Form

Student Last Name

Student First Name

Grade Applying For

Please rate the student on the following:

	Outstanding	Above Average	Average	Below Average	Not Applicable
Ability to solve linear equations					
Ability to solve linear inequalities					
Ability to write equations of lines					
Ability to factor trinomials					
Ability to simplify radicals					
Ability to solve systems of equations					
Ability to solve quadratic equations					
Ability to work with rational expressions					
Ability to prove triangle congruent					
Understands parallel and perpendicular lines					
Ability to work with similar triangles					
Ability to work with right triangles					
Ability to work with polygons					
Understands right triangle trigonometry					
Understands properties of circles					
Ability to find area					
Ability to find volume and surface area					
Ability to work with vectors					
Is generally motivated and mature					
Well organized					
Gets along with adults and peers					

Please list any titles of courses or areas of math that this student has studied:

Math Teacher Recommendation Form

Can the student write geometric proofs? If yes, please describe them.
