

**Where waters meet
and transform**

Camosun
COLLEGE

2025-26

**INTERNATIONAL
VIEWBOOK**

VICTORIA, BRITISH COLUMBIA
CANADA

“The nature is just amazing here. My favorite things to do here is to go camping and hiking.”

- Linda, Finland

Why study in British Columbia

Portable education

Your B.C. education is recognized worldwide. Credits can transfer across Canada and internationally.

Small classes, big support

B.C. colleges like Camosun prioritize international student success. **Recently, 63% of Camosun Career Services meetings were with international students like you** even though international students only make up 12% of the Camosun student population. Instructors know your name.

Multicultural communities

Students from **70+ nationalities** study together at B.C. colleges like Camosun.

Work while you study

Gain valuable, relevant and paid work experience while you study through work integrated learning. Plus, you can work up to 24 hours per week off-campus and full-time during scheduled breaks*.

*Subject to policies, guidelines and requirements established by Immigration, Refugees and Citizenship Canada (IRCC). Government policies and requirements are subject to change without notice.

“The thing I love the most about Victoria is the people. Everyone I’ve met has been amazing and super friendly”

- Isabel, Mexico

Why Victoria?

Canada’s best weather

Victoria has the **mildest climate in Canada**. Enjoy outdoor activities year round.

Small city, big opportunities

Big enough for internships and jobs across **tech, tourism, education, marine, engineering, and sport and exercise industries**. Small enough that you won’t get lost. **One of the highest number of restaurants per capita in North America** means endless places to explore.

Nature everywhere

Surrounded by ocean, mountains, and forests. Weekend hiking, kayaking, and beach trips are normal student life.

Gateway to the Pacific

Vancouver is 90 minutes by ferry, 25 minutes by plane. Close to Seattle (USA), San Juan Islands, and incredible Pacific Coast adventures.

Camosun comes from a local Lekwungen (Songhees) First Nation word meaning “where different waters meet and are transformed.” Just like those waters, you’ll meet people from around the world here and build the skills you need for your future career. We opened our doors to our first students in 1971 and began welcoming international students in the 1980s.

Camosun College respectfully acknowledges that our campuses are situated on the territories of the Lekwungen (Songhees and Kosapsum) and WSÁNEĆ peoples.

Why Camosun?

Small classes, real relationships

Average class size: 30 students. Your instructors will know your name and have time for your questions.

Programs that go places

Over 300 transferable courses to universities, plus career-ready programs that can get you working right away. Whether you want to transfer or start your career, your program will take you where you want to go.

Work experience that matters

50% of all college co-op placements in B.C. go to Camosun students. You’ll get real work experience, not just classroom theory.

Global community

70+ nationalities, 14,000 students means you’ll meet people from all over without getting lost in the crowd.

Student Life & Services

Your home away from home starts here

The moment you step on campus, you'll see what we mean. **International students from 70+ countries** have created communities where everyone belongs, whether you're grabbing coffee between classes or studying late in the library.

Help when you need it

Camosun International truly understands what international students go through. Counseling services, academic advising, career coaching - trained professionals are here to help you every step of the way.

Everything you need on campus

Two campuses, everything within walking distance. Libraries open late, fitness centers, cafeterias with food from around the world, computer labs, and study spaces designed for group work or quiet focus.

Academic support that works

Writing help, math tutoring, English conversation groups all free and designed for students like you. Plus, **small class sizes mean instructors have time for your questions** during office hours.

Making friends and finding your people

Student clubs, sports teams, cultural events - there's something for everyone. Most students meet their closest friends through orientation week, study groups, or just hanging out in the student lounges.

"I chose Camosun because my courses are transferable to University of Victoria"

- Gloria, Peru

“What I love about Camosun is how practical everything is. Other schools teach you theory, but here you learn exactly what you need for your career. You graduate job-ready.”

- Annie (BBA)

 WATCH
THE VIDEO

Credentials & PGWP Eligibility

What you'll graduate with (and why it matters)

Certificates (8 months-1 year) get you job-ready fast in specialized fields.

Diplomas (2-3 years) give you deeper expertise plus that crucial co-op work experience employers love.

Associate degrees (2 years) are brilliant if you want university-level education that transfers.

Bachelor's degrees (4 years) combine degree-level academics with hands-on learning.

Post-degree diplomas (1-2 years) are perfect if you already have a degree but want Canadian experience.

Graduate from Camosun and stay in Canada

Post-Graduation Work Permit

Depending on the program, you may be eligible for a Post-Graduation Work Permit to continue living and working in Canada after completing your studies.

Look for the PGWP symbol throughout this viewbook or visit camosun.ca/pgwp for the complete list.

camosun.ca/pgwp

PGWP

Disclaimer: Enrollment in and successful completion of PGWP-aligned programs do not guarantee that a Post-Graduation Work Permit (PGWP) will be issued. All PGWP applications are subject to approval by Immigration, Refugees and Citizenship Canada (IRCC).

IRCC policies, guidelines, and eligibility criteria may change without notice. Applicants are responsible for meeting all eligibility criteria, and individual outcomes may vary based on personal circumstances and program details. Camosun College is not responsible for the outcome of PGWP applications and has no authority over their processing or determination.

“The co-op was instrumental. It unexpectedly led to my current position, where I feel supported in both professional and personal growth”

- Juan (Hospitality Management)

Work integrated learning

Get real work experience while you study

Over 90% of our programs include work experience – co-op, internships, or practicums. You’re working in your field while learning, not just sitting in classrooms.

How it works

Co-op programs alternate between studying and working full-time in the field. You get paid and usually need two work terms for “Co-op Education” designation.

Internships can be full-time or part-time, paid or unpaid. **Practicums** let you shadow professionals and apply classroom skills.

50% of all college co-op placements in BC go to Camosun students. Employers know our students come ready to work.

The support you need

Mandatory Career Development course covers networking, interviews, and job search skills. **International Employment Facilitator** understands what international students face in the Canadian job market.

Why this matters

Employers want Canadian work experience – this is how you get it while studying. Work experience here opens doors to your career.

University Transfer Programs

Start your degree journey with us, finish anywhere you dream

Students come to Camosun thinking they'll eventually transfer to university, but many don't expect to love it here so much. What they find is way better than what they expect.

Arts and Science Studies: Design your path

The Diploma in Arts and Science Studies lets you design your own program. Mix courses from different areas to create exactly what you need. Two years at Camosun can prepare you for further post-secondary studies in a broad range of academic streams.

Associate degrees: The best of both worlds

Associate degrees give you something to show for your two years of study while keeping your transfer options open. You'll graduate with a credential, not just completed courses.

After graduation, you're typically eligible to transfer into third year at universities across B.C. and beyond, depending on your chosen program and meeting university requirements.

How university transfer works

You take university-level courses that cover the same curriculum as first- and second-year university courses, but in classes of 30 instead of 300-500 students. **Over 300 transferable courses** mean you can create any academic foundation you need.

www.bctransferguide.ca/how-transfer-works/

Where our students go next

University of Victoria (UVic) - Just down the road, many of our courses are specifically designed for UVic transfer

University of British Columbia (UBC) - Vancouver or Okanagan campuses, especially popular for engineering and business

Simon Fraser University (SFU) - Strong for business, sciences, and communications programs

Universities across Canada - Our students have successfully transferred to schools in Alberta, Ontario, and beyond

Universities internationally - Graduates continue studies in the U.S., Australia, and other countries

University Transfer Programs

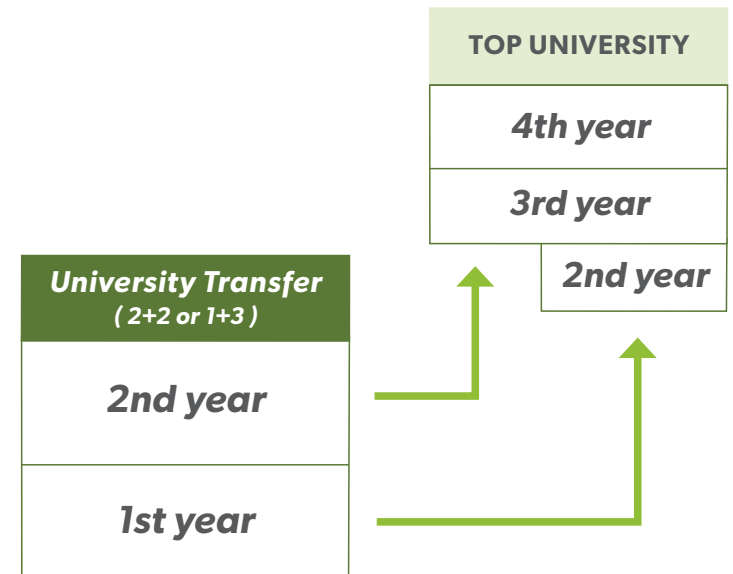

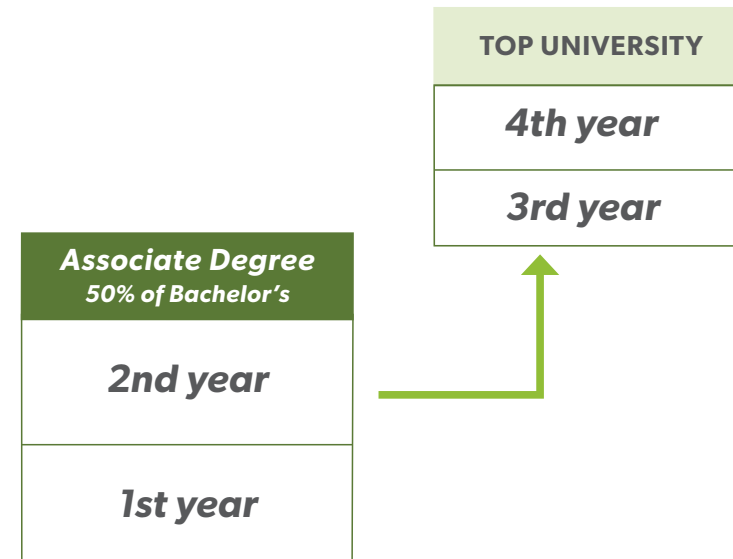

Why this works

Academic advisors who specialize in transfer meet with you every semester to ensure you're on track. They know exactly what courses you need for your target university and program.

Official transfer agreements mean there's no guesswork - we know exactly how your courses will count at receiving universities.

Small class sizes mean you'll understand material deeply, not just memorize for exams. University professors expect critical thinking, and our classes prepare you for that.

Personal attention helps you build relationships with instructors who remember your name and are approachable when you need help.

Career-ready credentials that ladder into degrees

Direct-to-Career Programs

Want to jump straight into your career? These programs get you job-ready quickly with real Canadian work experience built right in.

Real Canadian Work Experience

Most programs include **practicums, co-ops, internships or clinical placements** - so you graduate with both your credential and real Canadian work experience.

Industry-Connected Learning

You'll learn from instructors who are **working professionals** in their fields. Small classes mean personal attention and real relationships with faculty.

Ready for What's Next

Graduate **job-ready** or continue to university - most programs transfer to degrees.

Climb the Ladder

Camosun Bachelor's Degrees

Start with hands-on learning in a diploma, then continue on to your bachelor's degree, all at Camosun. Get practical skills first, then add the theory for your degree.

Business: From Skills to Leadership

Start with a **2-year Business Administration diploma** in your specialty, then continue to your **bachelor's degree**. You'll graduate job-ready with management skills.

Sport & Exercise: Hands-On to Expert

Whether you love fitness or sports management, start with practical experience then build the science behind it. Perfect for future personal trainers, coaches, or sports business professionals.

Business Administration

Diplomas

- Accounting

"I'm in my second year of kinesiology and really enjoying the courses. In one of our classes we went kayaking, skiing at Mount Washington, and gymnastics before learning the science behind it all."

-Eric, China

Engineer Your Future

Ready to become an engineer? You have two amazing options at Camosun. Start with hands-on technology skills and either bridge to university OR jump straight into the workforce as a technologist. You could also dive straight into university transfer courses. Whatever path you choose, you'll graduate with the practical experience employers want.

Path A: Technology first, then choose your next step

Perfect if you love building things and want practical skills first

Start with real-world engineering technology, then decide: Do you want to work as a technologist right away, or bridge to complete your bachelor's degree at UBC or UVic? The choice is yours!

How it works

Step 1: Complete your Engineering Technology Diploma at Camosun

Start working as an Engineering Technologist **or** Proceed to Step 2

Step 2: Apply for the 8-month to 1-year Bridge program (competitive admission)

Step 3: Transfer to Year 3 at UBC or UVic for your bachelor's degree

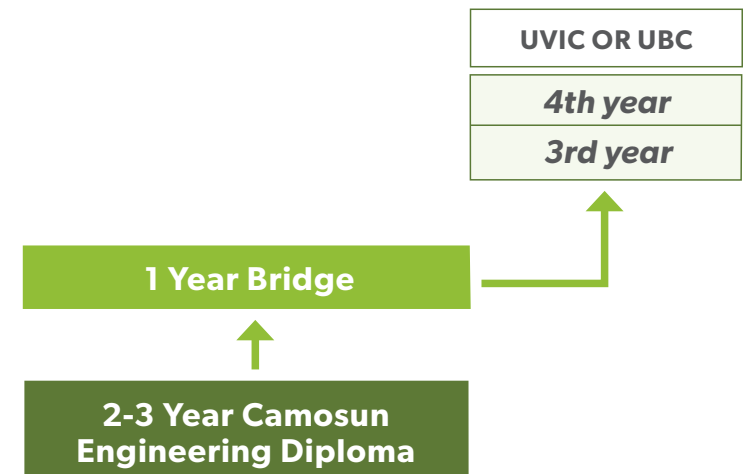

Step 4: Graduate with your bachelor's degree

Many of our graduates love working as technologists, the hands-on problem solvers that keep projects running smoothly. Others decide they want the full engineering degree later in their careers.

"I really enjoy this program because it's something practical I can use in the field... there is no class that I don't see as useful for the future."

- Jeronimo, Colombia
(Civil Engineering)

Engineering Technology Diplomas

- Civil Engineering Technology * **PGWP** -aligned
- Electrical Engineering Technology - Marine & Industrial * **PGWP** -aligned
- Electronics & Computer Engineering Technology - Renewable Energy * **PGWP** -aligned
- Mechanical Engineering Technology * **PGWP** -aligned

Engineering Bridge Programs

- Civil Engineering Bridge to UBC/UVic * **PGWP** -aligned
- Electrical & Computer Engineering Bridge to UVic * **PGWP** -aligned
- Mechanical Engineering Bridge to UBC/UVic * **PGWP** -aligned
- Mining Engineering Bridge to UBC * **PGWP** -aligned

All bridge programs require the completion of an approved Engineering Technology Diploma for entry.

“What I like most about the program is the teachers - they’re wonderful. They help you with every single question that you have... it’s really focused on the student and classrooms are small, so that’s really helpful.”

*- Diego, Ecuador
(Electrical Engineering)*

Path B: Direct university transfer

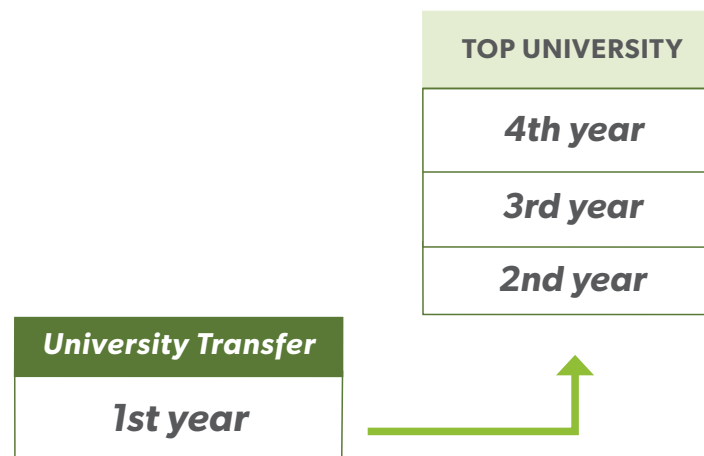

Perfect if you want to focus on engineering theory from day one

Take first-year university engineering courses at Camosun, then transfer directly to second year at UVic or other universities. Smaller classes mean more support as you build your foundation.

Available program:

- **Certificate in Engineering Transfer (First Year Engineering)** (1 year)

Find more about B.C. Common First-Year Engineering Curriculum
www.camosun.ca/engineering-transfer

Fast-track to specialty

Certificates & Diplomas

Need job-ready skills quickly? These focused programs get you working in specialized fields fast - most in just 10 months to 2 years.

Health Care: In-Demand Skills

Healthcare is booming in B.C. These programs prepare you for essential roles with hands-on clinical training and guaranteed practicum placements.

Technology: Future-Ready Careers

Victoria's tech scene is exploding with 1,172+ companies. Learn cutting-edge skills in cybersecurity, web development, and interactive media that employers need.

Fast Entry, Real Skills

Small classes mean **personalized attention** from industry professionals. Most programs include **work experience** components, so you graduate job-ready with Canadian work experience.

"I'm working at Royal Jubilee Hospital in Victoria."

- Harumi, Japan (Health Care Assistant)

Advanced Specialization

Post-Degree Programs

Already have a bachelor's degree? These programs help you change careers or add specialized skills.

Career Change Made Easy

Post-degree diplomas are designed for degree-holders who want to pivot into new fields or gain practical Canadian credentials. HR graduates are prepared for the National Knowledge Exam for **CPHR designation**. Accounting can include **CPA PEP prerequisites** with academic advisor consultation.

Applied Learning Focus

These programs emphasize real-world application with internships, co-ops, and industry projects. You'll graduate with both credentials and Canadian work experience.

Specialized Health Expertise

Athletic & Exercise Therapy is a comprehensive four-year bachelor's degree combining hands-on therapy with sport science. Graduates work with athletes and rehabilitation clinics.

Dental Hygiene degree completion program upgrades your Camosun Dental Hygiene Diploma to a Bachelor of Science in one year through partially online study. Become licensed to own/operate a private dental hygiene business.

Study English, Then Move Up

English Language Development & Academic Upgrading

Many successful international students start with English preparation. Building strong English skills first sets you up for success in your academic program. You'll finish faster with better grades.

To join our ESL program, you need:

- A Camosun College English Language Placement test, *OR*
- An equivalent English test score

If you already have English test scores from within the past two years.

You may need only one semester of ESL if you have:

- IELTS Academic (overall 6.0, no sub-scores less than 5.5)
- TOEFL IBT (overall 78, no sub-scores less than 17)
- Cambridge C1 Advanced (Overall 174, no sub-scores less than 162)
- CAEL CE (overall 60, no sub-score less than 50)
- PTE Academic (overall 54, no sub-score less than 46)

You may need only two semesters of ESL if you have:

- IELTS Academic (overall 5.5, no sub-scores less than 5.0)
- TOEFL IBT (overall 71, no sub-scores less than 16)
- Cambridge C1 Advanced (overall 162, no sub-scores less than 154)
- CAEL CE (overall 50, no sub-score less than 40)
- PTE Academic (overall 46, no sub-score less than 42)

Students with lower English scores or no test scores will start at the appropriate level based on their placement test results.

ESL at Camosun

Our ESL program has 8 levels, and each level lasts one semester. We welcome students at all levels and will place you in the right class for your English skills.

“The teachers are always ready to help you...”

- Daniela, Peru

Academic Upgrading Available

Need to strengthen your science or math foundation? Take high school level **Biology, Chemistry, Math, or Physics** courses* while building English skills.

** Must meet course-specific pre-requisites*

ESL Pathway Partners

Distinguished Language Schools Leading to Camosun

Study at these recognized language schools, then transfer directly to most Camosun academic programs with no re-testing required.

Why Choose Pathway Partners?

Intensive programs with accelerated timelines. **Specialized facilities** focused exclusively on English language learning. **Flexible start dates** throughout the year. **City choice** - study in Victoria, Vancouver, Toronto or Calgary

ESL PATHWAY PARTNER		DIRECT ENTRY ADMISSION REQUIREMENTS TO MOST PROGRAM
CICCC ciccc.ca	 CORNERSTONE COMMUNITY COLLEGE	CICCC Advanced Level 6.0 Full-time or full-time intensive
EF ef.com	 Education First®	Language Semester/Year Abroad Level C1
Global Village Victoria gvenglish.com		Academic English Level 7 & EAP Electives (12 weeks)
ILAC ilac.com		Academic English Pathway 3.3
ILSC ilsc.com		Academic English Level A2
VGC vgc.ca		Academic English Level 7
UVic English Language Centre uvic.ca/elc		UAP (University Admission Preparation) or UAPC: Advanced English & Canadian Studies

Admissions

Ready to start your Camosun journey? Most programs operate on first-to-apply, first-to-qualify, first-to-be-admitted basis. **Apply early!**

General Admission Requirements

Age Requirements:

- Ages 17-18*: High school graduation mandatory
- Ages 19 or older*: High school graduation highly recommended

**by the start of your first academic term.*

If you are a High School Graduate and 16 years old or younger, please contact International Admissions.

English Proficiency (choose one):

- Camosun ELD 092 and 094, or ELD 097 with grade C or better
- Recognized ESL pathway partner certificate
- BC English 12 or English Studies 12 with grade C+ or better
- IELTS Academic: 6.0 overall (no sub-score less than 6.0)
- TOEFL iBT: 78 overall (no sub-score less than 19)
- PTE Academic: 54 overall (no sub-score less than 50)
- Cambridge (C1): 174 overall (no sub-score less than 169)
- CAEL: 60 overall (no sub-score less than 60)
- Other approved alternatives

Other requirements: Refer to camosun.ca/intl-apply for details

“Camosun instructors made me feel part of a new family. They truly see us and support us every step of the way.”

– Gretta, Brazil

SEMESTER	APPLICATION DEADLINE
September	May 15
January	October 1
May	February 1

These are the latest application dates if seats are available. We accept applications year-round on a rolling basis, so programs may fill before these deadlines. We encourage you to apply early. Some programs have different deadlines, for more info check:

[http://camosun.ca/international/apply/process/deadlines](https://camosun.ca/international/apply/process/deadlines)

How to apply

Ready to join Camosun? Follow these three simple steps to start your application.

STEP 1: Apply online

Submit your application through EducationPlannerBC and pay the non-refundable application fee.

<https://camosun.ca/international/apply/steps>

Supporting documents you'll need:

- **Transcripts** (high school/post-secondary) - scanned copies acceptable for application, but official sealed transcripts must be received by Camosun International before classes start
- **Proof of English proficiency**
- **Passport copy** (photo, personal information, and signature pages)
- **Study permit** or other Canadian permits (if applicable)
- **Program-specific documents** (if required)

Documents in other languages need certified English translation.

STEP 2: Receive Letter of Eligibility

We'll review your application and send a Letter of Eligibility if we can offer you a seat. You'll need to pay your tuition and fee deposit to move to the next step.

Tuition and fee deposit is non-refundable and non-transferable. See our [First Semester International Student Refund / Deferral Procedure for details.](#)

STEP 3: Receive Letter of Acceptance and Provincial Attestation Letter

After receiving your deposit payment, we'll issue your Letter of Acceptance and obtain your Provincial Attestation Letter (PAL) from the B.C. government on your behalf. Once you've received these documents, submit them to Immigration, Refugees and Citizenship Canada (IRCC) along with your study permit application.

Need help with your study permit application?

If you're applying for your **first study permit from outside Canada**, our detailed guide walks you through the process. This comprehensive resource provides helpful information for your application: camosun.ca/international/guide-initial-study-permit

Sample Budget

ONE SEMESTER FOR MOST ARTS & SCIENCE, BUSINESS, SPORT & EXERCISE AND UNIVERSITY TRANSFER PROGRAMS*

Tuition (15 credits)	\$8,495.20
Non-instructional fees	\$273.12
Student Benefits Plan and myvirtualdoctor	\$355/year
Medical Insurance	from \$300
Books	from \$1000
Rent & Food (living with a roommate)	\$7,500**
Miscellaneous expenses	\$1,668**
Total	\$19,591.32

ONE SEMESTER IN ESL PROGRAM

Tuition (15 credits)	\$6,070
Non-instructional fees	\$273.12
Student Benefits Plan and myvirtualdoctor	\$355/year
Medical Insurance	from \$300
Books	from \$200
Rent & Food (living with a roommate)	\$7,500**
Miscellaneous expenses	\$1,668**
Total	\$16,366.12

PAID INTERNSHIP SEMESTER (OPTIONAL)

Internship/Co-op semester fee	\$1,748.40
Non-instructional fees	\$273.12
Medical Insurance	from \$300
Rent & Food (living with a roommate)	\$7,500**
Miscellaneous expenses	\$1,668**
Total	\$11,489.52

STAYING IN CANADA DURING SUMMER BREAK (OPTIONAL)

Medical insurance	From \$300
Rent & Food (living with a roommate)	\$7,500**
Miscellaneous expenses	\$1,668**
Total	\$9,468

*All costs are estimates and are valid for the 2025-2026 academic year. Some programs may have different fees.

**The living expenses detailed here represent Moderate Standard of Living (MSOL) Costs, as outlined by the B.C. Ministry of Post-Secondary Education and Future Skills.

These figures differ from the low-income cut-offs used by Immigration, Refugees, and Citizenship Canada (IRCC) to determine the cost-of-living requirements for study permits.

For accurate information regarding minimum funds necessary for study permit applications with IRCC, please refer to the Government of Canada's official website.

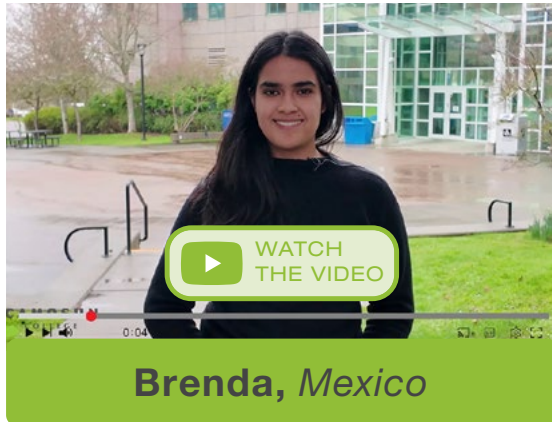

All costs are in Canadian dollars and are subject to change without notice.

Camosun College is not responsible for the outcome of PGWP applications and has no authority over the processing or determination of a PGWP application.

In addition to meeting other PGWP requirements, international students in non-degree programs (such as certificates, diplomas, and associate degrees) must complete a program in an eligible field of study, as designated by IRCC. The program must be on the list of eligible fields of study organized by the Classification of Instructional Programs (CIP) system at the time the applicant submits either the study permit application or the PGWP application, or as otherwise required by IRCC. **IRCC may update the list of eligible fields of study and eligibility criteria for PGWP at any time.** It is the applicant's responsibility to consult the most current information from IRCC.

*** Estimated total costs are in **Canadian dollars** and include tuition, fees and work integrated learning experience, if applicable. Work experience may be in the form of a co-op, internship, clinical placement, or practicum. The estimated tuition depends on a version of the program and course offerings in a particular semester. Tuition is calculated using approved rates for the 2025-2026, 2026-2027, 2027-2028, and 2028-2029 school years (where applicable). Non-instructional fees and student benefits are based on the 2025-2026 school year. Some costs are subject to change at any time.

TYPE:

- **C** - Career-ready credentials that can prepare you for employment
- **C+D** - Career-ready credentials that ladder into Camosun's own Bachelor's degrees
- **C+UT** - Career-ready credentials that ladder into university bachelor's degree
- **UT** - University transfer programs that can lead to bachelor's degrees

Program Guide

PROGRAM	LENGTH	INTAKES	TYPE	WIL*	PGWP**	ESTIMATED TOTAL COST***

Territorial Acknowledgment

Camosun College respectfully acknowledges that our campuses are situated on the territories of the Lekwungen (Songhees and Kosapsum) and WSÁNEĆ peoples.

The college welcomed its first students in 1971 and adopted the name "Camosun", a local Lekwungen (Songhees) First Nation name meaning "where different waters meet and are transformed".
