University Applications
Made Simple

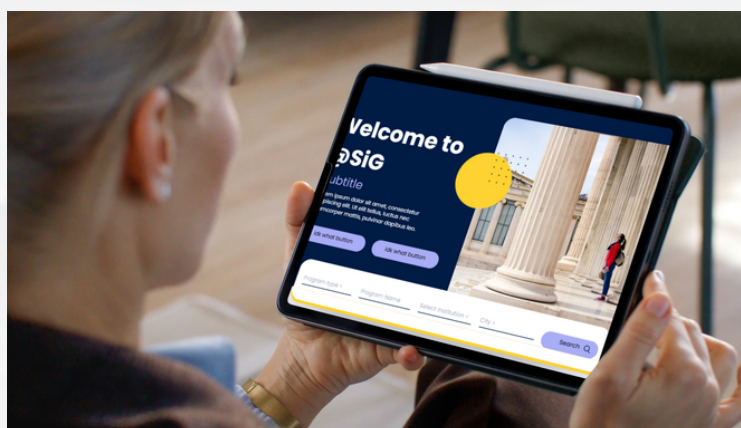

apply.studyingreece.edu.gr

What is @SiG

@SiG (Apply To Study in Greece) is a platform dedicated to streamlining applications for students to study programs in Greece and application management for Greek universities

Our vision

As Study in Greece, our primary goal is to help students discover study programs tailored to their wants and needs, by making the process of applying as easy and as quick as possible. Meanwhile, we aim to provide universities that receive applications a simple, but comprehensive tool to manage and evaluate these applications.

From creating your profile to submitting your application

everything you need in one platform

Create your profile

Build your personal profile with contact details, academic background, achievements, and language certifications.

01

02

Search Programs

Explore and compare programs offered by Greek universities, use filters to find the right fit, and save your favorites to receive application alerts.

Apply. Just like that.

With all documents uploaded, applying takes just one click. Your academic journey starts instantly.

03

Application and evaluation processes for your programs have never been simpler.

Create / Update programs

With your @SiG account, easily create and customize your program's page and information.

Publish application calls

Whenever an application period starts, publish the call and start receiving applications!

Manage your applications

With the help of an intuitive interface, see all applications made to a specific program, then review and accept or reject them accordingly.
